STERLING

food • events • experience

at Lyndhurst

Exceptional food and service combine with historic elegance to create an unforgettable event with Sterling Affair at Lyndhurst Castle in Tarrytown, New York. Lyndhurst, a National Trust Historic Site, offers a spectacular venue for weddings and other special events. Overlooking the beautiful Hudson River, Lyndhurst is one of America's finest Gothic Revival mansions. The architectural brilliance of the residence, designed in 1838 by Alexander Jackson Davis, is complemented by a park-like landscape and a comprehensive collection of original decorative arts. The grounds at Lyndhurst survive as an outstanding example of 19th century landscape design. Elements include sweeping lawns accented with shrubs and specimen trees, the curving entrance drive revealing "surprise" views, the angular repetition of the Gothic roofline in the evergreens, and the nation's first steel-framed conservatory. The estate features a number of event spaces.
